B'luru Chinnaswamy Stadium stampede

Four including RCB Marketing Head held

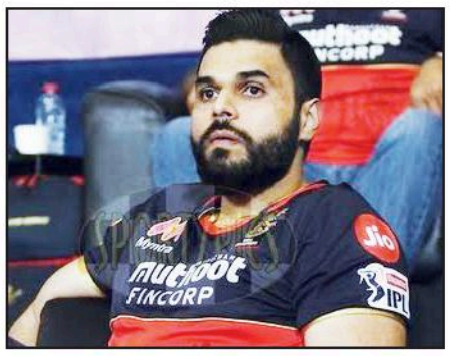
KSCA Secretary Shankar, Treasurer Jairam, RCB Vice-President and Head Rajesh Menon and DNA Finance Officer Majeed on the run

Bengaluru, June 6 (VNS)- Following the filing of an FIR against Royal Challengers Bengaluru (RCB) management, DNA Entertainment Private Limited and the Karnataka State Cricket Association (KSCA), a Police team led by Central Crime Branch (CCB) DCP M. Akshay and DCP (West) Devaraj arrested four individuals this morning in connection with the June 4 stampede outside M. Chinnaswamy Stadium, which left 11 RCB fans dead and many others injured.

The arrested have been identified as Nikhil Sosale, RCB's Head of Marketing and Revenue, who was seen alongside RCB players at the Vidhana Soudha felicitation event on June 4 and three employees of DNA Entertainment — Sunil Mathew, Sumanth and Kiran.

According to sources, Nikhil was arrested at around 6.30 am at Kempegowda International Airport while attempting to board a flight to Mumbai. All four, who are currently being questioned by CCB ACP Akshay at the Cubbon Park Police Station, were taken to Bowring Hospital for a routine medical examination.

Investigators are focusing on the role of social media announcements related



Nikhil Sosale, RCB Marketing Head.

to the event, including the distribution of passes and the alleged announcement of a "victory parade," which is believed to have created large-scale confusion and led to commotion outside the stadium.

Allegations against Nikhil

Nikhil Sosale is facing serious allegations for announcing an RCB victory parade from Vidhana Soudha to Chinnaswamy Stadium without Police approval. Despite the Police rejecting the proposal, Nikhil reportedly failed to delete the social media post, misleading thousands of fans.

He also claimed that free passes would be distributed near Gates 9 and 10 of Chinnaswamy Stadium at 1 pm.

Mysuru, Friday 6th June 2025

BJS Mysuru empowers 200 students through Vidyadaan Project

Mysuru, June 6- Bharatiya Jain Sanghatana (BJS), Mysuru Chapter, concluded 'Vidyadaan,' a book distribution project at Sri Terapanth Bhavan, by distributing around 1,200 books to 200 students from diverse educational backgrounds — including 11th, 12th, Degree, Engineering, Commerce, CA, CS, CAT, NEET, COMEDK and MBBS streams.

The aim of the project was to bridge the educational gap by providing quality academic books to students free of cost. Old text books were collected over weeks from four key collection centres — Sri Sthanakvasi Jain Bhavan, Adeshwara Vatika, Parshwa Vatika and Sri Terapanth Bhavan.

BJS Mysuru has in a press release expressed its gratitude to all the donors, volunteers, and mentors from across BJS Karnataka Region.

BJS Karnataka State Secretary Prakash Gulecha, Regional President Sukhraj Vinayaka, Mysuru Chapter President Rajan Baghmar, Vice-Presidents Amit Chauhan and Nemichand Badaula, Treasurer Manohar Sankala, Secretaries Rajendra Desarla, Sunil Patwa and Navratan Pitliya, Project Coordinators Himanshu Accha, Koushik Jain, Punit Jugraj, Women's Wing Vice-President Santosh Salecha, Members Rekha Mutha, Vikram Kawad, Dharamchand Mutha, Jambu Mutha, Akshay Vanigota, Deepak Derasaria, Pratham Chopra, Naveen Nahar and a large number of students were present.

EDITOR'S BOTTOMLINE

PHONEY BUSINESS: ***If you're reading this column, chances are that before you finish your cellphone will ring, demanding an immediate response. Should you answer or decline the call? The caller is likely to be a property dealer wanting to interest you in a 2 BHK+SQ, in Outer Boonienagar, or an agent trying to sell you life insurance which should properly be called death insurance because it only kicks in after you've kicked the bucket, or someone offering to sell you a share in a gold mine in Rwanda, which will make you a crorepati overnight, so please give the caller the details of your bank account that will be cleaned out to the last paisa before you can say chhoomantar!***

We are told repeatedly that phone fraud is one of the fastest-growing industries in India and internationally. There's a huge workforce of phisherfolk who keep devising ingenious ways to hoodwink you into giving them your life's savings by threatening to put you under digital arrest or some such scammy subterfuge.

A cellphone service provider says that in one month alone it has detected and cautioned its customers about more than 27.5 billion suspected spam calls and over 500 million spam messages.

Assuming that there are a million spammers, busy as workaholic bees, each one of them would have to make 27,500 calls per month, plus send out 500 messages. Which doesn't leave much spare time for ancillary activities such as eating, sleeping and the performance of ablutions.

But if the spammers show a remarkable work ethic in doing what they do, we the spammed are equally duty-bound to answer the call of our phones with an alacrity greater even than when we answer what are known as calls of nature.

When the phone calls, we are programmed to answer. Spam? Probably. But what if it's in response to a job we've applied for, or a Path Lab result anxiously awaited, or a long lost friend trying to get in touch? Spam or not, our phone remains our master, the lord of the ring. — *Jug Suraiya in The Times of India*

NEWS SPARKLERS

No trains have stopped here in 5 years !

Khandwa: Kohdad Railway Station has stood still since the past five years, literally. The only regulars here are goats and nostalgia the locals share.

The railway station situated close to Khandwa, once used to be a buzzing pit stop. Passengers used to board and alight at the station till COVID struck. Usually the Katni-Bhusaval passenger would stop here for a minute or two. But in 2020, the train was upgraded to become an express. And Kohdad? It got... ghosted.

It's nearly five years since a train has stopped at Kohdad rendering the platform defunct. It seems more like an unofficial museum of lost purpose.

When Kohdad was functional, it was a place where people met, interacted, enjoyed tea and snacks.

Galactus head popcorn bucket unveiled

New York: Marvel Entertainment has unveiled the Galactus Popcorn Vessel, a movie theater bucket themed after upcoming film The Fantastic Four: First Steps.

The bucket was unveiled in a video utilising clips from the film spliced together with footage of the container.

The popcorn bucket is modeled after the head of planet-eating villain Galactus, played by Ralph Ineson.

The container is billed as "the universe's biggest popcorn vessel," measuring 17.5 inches tall and 20 inches wide.

The Fantastic Four: First Steps releases in theatres July 25. Several other films have recently launched with themed popcorn buckets, including Dune: Part Two, Alien: Romulus, Gladiator II and A Minecraft Movie.

HEALTH CAPSULE

Apart from acting as a filter, kidneys also produce various hormones which regulate bodily functions. Renin is one such hormone which is responsible for high blood pressure.

VOICE OF THE READER

Restore speed cameras, FASTags on Bengaluru-Mysuru Highway

Sir,

The Bengaluru-Mysuru Highway has significantly improved travel efficiency, reducing travel time from over 3 hours to just 2. More importantly, it has helped eliminate fatal accidents in towns like Mandya, Channapatna, and Ramanagara, which were once hotspots for road deaths.

However, this success is being undermined by reckless speeding. Some drivers are now exploiting the highway by clocking triple-digit speeds, putting lives at risk. When speed was limited to 100 kmph and speed cameras were actively functioning, accident rates dropped sharply, with zero fatalities reported between October and December 2024.

Unfortunately, many of these cameras are no longer operational. As a result, overspeeding has returned, raising serious concerns about a potential rise in fatal crashes, reminiscent of the pre-camera era.

I urge the authorities to restore and expand speed monitoring — ideally by installing functional speed cameras every kilometre, backed by real-time surveillance and strict enforcement.

Additionally, FASTag scanners at toll booths have become inefficient. Many are malfunctioning, forcing vehicles to slow to a crawl or even reverse for detection, leading to long queues, especially on weekends *(see pic)*. This not only causes unnecessary delays but also increases the risk of rear-end collisions.

I request the National Highways Authority of India (NHAI) and relevant officials to urgently service or replace all faulty FASTag readers and speed enforcement infrastructure to ensure safe and seamless travel for all.

MP distributes ration kits to over 3,500 Pourakarmikas

Mysuru, June 6 (RK&DM)- As part of 141st birth anniversary of Rajarshi Nalwadi Krishnaraja Wadiyar, Mysuru-Kodagu MP Yaduveer Krishnadatta Chamaraja Wadiyar, who is also the titular head of Mysore Royal family, distributed ration kits to over 3,500 Pourakarmikas at a mega event held at Maharaja's College Grounds in city on June 4.

Speaking on the occasion, Yaduveer said that Mysuru is known for its hygiene and cleanliness, for which Nalwadi had given prominence during his reign.

"This is purely an apolitical programme organised by the fans of Nalwadi Krishnaraja Wadiyar. The day is also special for me because it was on this day that I was elected as Mysuru-Kodagu MP. I have done many developmental programmes besides planning more in this one year and have responded to the problems of the people. I have taken a pledge to do pro-developmental works and activities in keeping with the aspirations of the erstwhile Mysore rulers," he said while explaining the purpose behind the organisation of this mega event.

The programme also featured mass feeding *(Anna Santarpane)* to thousands of people.

Venkatachalapathi

Venkatachalapathi (43), a resident of Gandhinagar 4th

Cross, passed away yesterday in city.

He leaves behind his wife, two daughters and a host of relatives and friends. Last rites were held at Adi Karnataka Burial Grounds at Gandhinagar.

Dr. L. Subramaniam and Kavita Krishnamurthy visit Mysore Vasudevacharya's house

Padma Vibhushan ***Dr. L. Subramaniam and his wife*** *Padma Shri* ***Kavita Krishnamurthy seen with music-lovers at Mysore Vasudevacharya's heritage house on Sayyaji Rao Road in city this morning.***

Mysuru, June 6 (GA&TRR)- Violin maestro *Padma Vibhushan* Dr. L. Subramaniam and his wife *Padma Shri* Kavita Krishnamurthy, a noted playback singer, paid a brief visit to the heritage house of legendary musician Mysore Vasudevacharya, an exponent of Karnatak music and an Asthana Vidwan in the Court of Mysore Maharaja, this morning.

Dr. Subramaniam was bestowed with Padma Vibhushan Award recently and his wife Kavita Krishnamurthy was awarded Padmashri in 2005.

The musician couple spent some time moving around the house of the great music composer.

Speaking on the occasion, Dr. Subramaniam said that both Piteelu T. Chowdiah and Mysore Vasudevacharya, who have contributed immensely to Karnatak music, are remembered by musicians all over the world.

Mysore Vasudevacharya has raised the cultural significance of Mysuru city, he said.

Around 20 other music enthusiasts accompanied the couple during their brief visit to Mysore Vasudevacharya's house located on Sayyaji Rao Road in Agrahara.

Nalwadi led State on the path of progress: District Minister

District Minister Dr. H.C. Mahadevappa and others offering floral tributes to the portrait of Nalwadi.

Mysuru, June 6 (RK&DM)- District Minister Dr. H.C. Mahadevappa said that Nalwadi Krishnaraja Wadiyar led the State on the path of progress and strived hard for betterment of the lives of people.

He was speaking at the 141st birth anniversary of Nalwadi Krishnaraja Wadiyar organised under the joint aegis of the District Administration and Department of Kannada and Culture at Kalamandira here on June 4.

Pointing out that Mahatma Gandhi had called Nalwadi Krishnaraja Wadiyar, who is credited with building modern Mysuru, as 'Rajarshi', Dr. Mahadevappa said that the erstwhile Mysore Ruler is credited with implementing the aspirations of the Government during his reign.

Stating that Mysuru saw unparalleled development in Education, Irrigation, Health, Industry and other sectors during Nalwadi's rule, he said that the erstwhile Mysore Ruler also rendered social justice and worked for the welfare of the oppressed sections of society. It is because of Nalwadi's vision and foresight that Old Mysuru region has prospered economically, he maintained.

Noting that it was Karnataka which got the first power plant not only in the country but Asia, he said that Nalwadi constituted Miller Committee for the welfare of Backward Classes and implemented its recommendations.

Kannada and Culture Minister Shivaraj Tangadagi, in his address, said that Backward Classes saw development because of reservation provided by the erstwhile Mysore Rulers. Nalwadi's thoughts and plans on water, land, language and literature greatly helped in the prosperity of the State, he added.

Lakshmiram and team rendered 'Rajarshi Geetha Gayana' while a team of Nalwadi Social, Cultural and Educational Trust performed 'Aalida Maaswamigalu' Kannada play on the occasion.

Vijayanagar Government First Grade College History Department faculty Dr. M.S. Anitha delivered a talk on Nalwadi.

The event also featured an expo at Suchitra Art Gallery, screening of documentary and painting contests.

Earlier, floral tributes were offered to the portrait of Nalwadi Krishnaraja Wadiyar by the dignitaries.

Dr. Mahadevappa and Shivaraj Tangadagi presented 'Nalwadi' Award to 20 achievers from different fields, including a few institutions — Mahadev Shankanapura (Folklore), R. Krishna (Journalism), Pramila Bengre (Theatre), Prof. Shabbir Mustafa (Education), Roopa Hassan, J. Somanna and Govindaswamy Gundapura (Literature), D.S. Doreswamy, V. Purushotham, M.V. Thyagaraju, K.S. Shivaramu, P.B. Veena, Samata Adhyanana Kendra and Prajna Educational and Cultural Trust (Social Service), M.P. Ajit (Sports), Ravishankar Mishra (Music), J.T. Rajappa (Tribal Rights activist), K.H. Chandru (Photography) and Gowthama Co-operative Hospital (Medical).

MLA T.S. Srivatsa, MLC Dr. D. Thimmaiah, Deputy Commissioner G. Lakshmikanth Reddy, ZP CEO S. Ukesh Kumar, MCC Commissioner Shaikh Tanveer Asif, Additional DC Dr. P. Shivaraju, Kannada and Culture Joint Director V.N. Mallikarjunaswamy, Assistant Director Dr. M.D. Sudarshan and others were present.

Brisk sale of sheep ahead of Bakrid at Millennium Circle

Mysuru, June 6 (MK,BS&KS)- With Eid al-Adha (popularly known as Bakrid) set to be observed tomorrow (June 7), brisk business in sheep trading has picked up near T.N. Narasimhamurthy Circle — widely known as Millennium Circle — located in front of the LIC Divisional Office in the city.

Central to the Bakrid celebrations is the ritual sacrifice, or Qurbani, of an animal — typically a goat or sheep — commemorating Prophet Ibrahim's willingness to sacrifice his son in obedience to God's command. As evening sets in, the area around the Circle becomes a hub of activity, with sheep sellers gathering to offer a wide variety of breeds that see high demand during the festive season.

Sheep rearers from Nanjangud, Bannur and Hunsur in Mysuru district, as well as Srirangapatna, Nagamangala and Maddur in Mandya district and parts of Chamarajanagar, have been converging on this marketplace to attract potential buyers. The trading continues until as late as 11 pm.

Popular breeds on sale include Bandur, Bannur, Sindhura, Ameengad, Yalaga, Kirgaval and Naati (local) sheep. These livestock are transported in goods vehicles and tethered at the site, where they are fed and maintained until sold.

Prices vary based on breed and weight, with some fetching over Rs. 1 lakh. The Naati Kuri, for example, is being sold for Rs. 18,000, according to a seller from Hunsur.

Drawing special attention are the 'Fighter Kuri' sheep, used in traditional animal fights, brought in by sellers Aslam, Zabeer, and Fayaz from Nanjangud. These are priced around Rs. 50,000, with demand continuing to rise. Boer and Tellicherry goat have also made it to the market this time

With sheep rearers and farmers selling their animals directly to customers, there is very less involvement of middlemen. The prices of sheep have risen by Rs. 2,000 to 3,000 per animal compared to last year.

Among the many buyers is one from Davangere, who travelled to Mysuru specifically for this purpose. He has already purchased 15 sheep, including several of the prized Bandur breed and is on the lookout for more.

As Bakrid approaches, the Millennium Circle transforms into a bustling livestock market with hundreds of shepherds bringing in thousands of sheep. However, the heavy footfall and haphazard parking often disrupt smooth traffic flow in the area.

Demand for butchers: Butchers are in big demand on the day of Bakrid, as they have the skill and knowledge to break down a full animal. Most importantly, the skin of the sheep or goat is removed without damaging it. As two to three animals are sacrificed in almost every house, it takes almost one to two hours to de-skin and chop the meat of a single sheep. As there are less butchers and more animals sacrificed, butchers are in great demand on the day of Bakrid. At the start of Bakrid, men go to the Eidgah for Namaz and women ready a corner of the house for sacrificing the animal. Upon their return, Qurbani in the name of God is invoked and the animal is sacrificed.

An area is then readied for hanging the sheep post sacrifice and then children of the house are assigned for distribution duties. Following the sacrifice, the meat is divided into three parts. One part is kept for themselves, another part is distributed to relatives and friends and one part is given to the poor and needy. This often takes up most of the day.

Skin donation: After the skin of the sheep or goat is removed without damaging it, the same is donated to mosques, community orphanages and madrasas, which sell these skins to leather tanning traders or industries and use the money to run their institutions and also use it for the welfare of the poor and the needy.

Woman loses gold chain in KSRTC bus

Mysuru, June 6 (PM&KS)- A woman has lost her gold chain weighing 25 grams and worth Rs. 2 lakh while travelling in a KSRTC bus.

The woman, a resident of T. Narasipur has stated that she was travelling with her family members in the KSRTC bus from Davangere to Mysuru during which her gold chain was stolen. A case has been registered at Nazarbad Police Station

In her complaint, the woman stated that on June 1, she and her family members were travelling from Davangere in a KSRTC Airavata bus and had kept the gold chain in a box inside her vanity bag which she had kept in her kit bag. As the seat in front of her was vacant she had placed the kit bag on that seat.

At about 4.50 am on June 2, the bus arrived at Sub-Urban Bus Stand in city where she and her family, after collecting their belongings alighted the bus and boarded another KSRTC bus to T. Narasipur.

While travelling towards T. Narasipur, the woman checked her vanity bag only to find the box containing the gold chain stolen, the woman stated in the complaint lodged at Nazarbad Police Station.

Nazarbad Police, who have registered a case, are investigating.

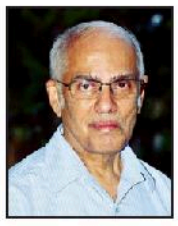
Kids are key to environmental protection

By Bhamy V. Shenoy

This year's theme of World Environment Day is "Ending Plastic Pollution" — much needed and urgent topic.



Bhamy V. Shenoy

There will be many formal celebrations in Mysuru. Various educational institutions, NGOs, companies, government bodies etc. will be paying lip service to the plastic theme.

It will be just one day of listening to talks, even taking pledges, planting saplings (most will die) and forgotten till next year. Can we celebrate in a different way this year?

The best way to start a movement like keeping Mysuru clean of plastic pollution and in the process keeping Mysuru Clean is to get our children involved in a strategic way.

Each school should identify two or three committed and concerned teachers to take the leadership role to promote involvement of the children to keep the city clean.

Such selected teachers should develop a sound program to involve maximum number of teachers and students to keep their neighbourhood clean. Children should never be asked to collect garbage thrown by others. This is the mistake we have been committing.

Some schools often have clean-up drives around their schools collecting garbage as a social service which end up more as a photo op though even if it is not the intention. For one day, the street is clean but next day people start throwing garbage again. Did we achieve anything? None.

Children should be taught first that they or their parents or their relatives should not throw any garbage on the road. Second, they should also be taught how to gently and courteously tell strangers not to throw garbage on the road. If students act as 'wardens' within their families and their neighbourhoods, we have a better chance of clean Mysuru.

The schools should impart basic lessons on the plastic menace — how micro-plastic is harming our health, how plastic pollution in oceans is severely harming aquatic life, difficulty of handling plastic waste etc. in fact it is part of the curriculum today.

If we have to create a "clean mindset" in our population, then kids are the key and it is relatively easy to make an impression on young minds and not on adults and grown-ups. After all, despite all the ads, warnings, lectures, etc. on plastic menace adults even today demand plastic bags while shopping.

In 2018, Mysore Grahakara Parishat (MGP) initiated Environmental Students Wardens with the active involvement of the then DC Abhiram Shankar in five schools — Kautilya Vidyalaya, Mahajana Public School, Shanthala School, Lions Sevaniketan School and Vijaya Vittala School.

Back then, students Warden Programme succeeded only in Kautilya because of the keen interest taken by two teachers there — Principal Savitha and a young teacher, Roopa. It is from that experience I was suggesting that we should identify at least two or three committed teachers in each school.

Similarly, a highly dedicated and environmentally conscious Principal of Lions High School Dr. Roopa Karumbaya drew up a one year structured program, "My Clean City, My Responsibility" for the kids in the school.

If a critical mass of say 20 schools in Mysuru decide to take up "My Clean City, My Responsibility" on World Environment Day along the lines of Lions School, it may be the best way of celebrating the World Environment Day.

RCB's grand trophy still touring Mysuru on KSTDC Ambaari bus !

KSTDC's Ambaari Open-Top Bus decorated in Royal Challengers Bengaluru (RCB) colours.

Mysuru, June 6 (RK&BCT)- The Ambaari — city rounds double-decker bus — owned by Karnataka State Tourism Development Corporation (KSTDC), which had been decorated in Royal Challengers Bengaluru (RCB) colours for the team's IPL victory parade in Bengaluru on June 4, is now back in Mysuru — still wearing the RCB colours after the parade was cancelled.

In a strange turn of events, the KSTDC had been waiting for RCB representatives to return to Mysuru and remove the decorative stickers, including a giant trophy pasted on the front with the word 'Champions' in bold, celebrating RCB's IPL 2025 title win.

The bus had left Mysuru early on June 4 and reached M. Chinnaswamy Stadium in Bengaluru, where it was adorned with celebratory stickers.

The open-top bus was rented by the RCB for a day, with the prescribed rental fee paid to KSTDC. As per the original plan, the bus was to be the centrepiece of a grand victory parade, with players aboard the upper deck displaying the trophy as the bus moved through Bengaluru's streets.

However, the Bengaluru Police did not permit the procession due to crowd control concerns, leading to the parade's cancellation. The bus returned to Mysuru the same night.

Speaking to *Star of Mysore*, a KSTDC official said, "for two days, we kept the stickers as they were, as RCB officials had informed us that they would personally come and remove them. They assured us stickers were removable."

This bus even went on its regular city rounds yesterday with the RCB decorations still intact. But following the registration of an FIR against RCB over the tragic stampede at Chinnaswamy Stadium, KSTDC officials realised that the wait was futile.

KSTDC has now decided to remove the stickers themselves in time for this evening's city tour.

Echo of Bengaluru City Police Commissioner's suspension

State action triggers outrage; Ex-Officer backs B. Dayananda

Mysuru, June 6 (VNS)- The suspension of Bengaluru City Police Commissioner B. Dayananda and four other senior officers has triggered a wave of public outrage, with social media flooded with posts condemning the State Government for allegedly making them scapegoats in the aftermath of the June 4 Chinnaswamy Stadium stampede claiming 11 lives.

B. Dayananda

Following a Cabinet meeting yesterday, Chief Minister Siddaramaiah announced the suspension of Additional Commissioner of Police (West) Vikash Kumar Vikash, Deputy Commissioner of Police (Central) H.T. Shekhar, Assistant Commissioner of Police (Cubbon Park) C. Balakrishna and Cubbon Park Police Station Inspector A.K. Girish, in addition to B. Dayananda.

Voicing frustration, netizens expressed solidarity with the suspended officials, particularly Dayananda, hailing his integrity and public engagement.

User @Dhruvnk22 posted on X, "A people-centric, transparent and accountable Police Commissioner is being scapegoated. From holding Janasamparka Divas to actively engaging with media, he truly served Bengaluru. @DKShivakumar @siddaramaiah, accept your failures. Resign."

'Darkest day in Karnataka Police history'

The backlash wasn't limited to public. Former Bengaluru City Police Commissioner Bhaskar Rao also lashed out at the State Government, calling the decision politically motivated.

Taking to X, Rao wrote, "CM Siddaramaiah has gone into panic mode. The suspension of Bengaluru City Police Commissioner is the darkest day in the history of Karnataka Police. The prize for telling the truth — he and his team slogged through the night to keep Bengaluru safe."

He went further, accusing Dy. CM D.K. Shivakumar of being the "main culprit" behind what he termed the "Death March."

"Everyone in Karnataka knows it was the uncontrollable Deputy CM who orchestrated it. No CM has been this helpless, cowardly, nervous and panicky. The Government has blood on its hands and has now lost its mind," Rao added.

Seemanth Kumar Singh takes charge

Following Dayananda's suspension, 1996-batch IPS Officer ADGP Seemanth Kumar Singh has been appointed as the new Bengaluru City Police Commissioner. He officially took charge last night.

S.K. Singh

Judicial Commission to probe

In response to criticism, the State Government has announced a One-man Judicial Commission to investigate stampede incident. Former High Court Judge Justice Michael D'Cunha will head the Commission.

Michael D'Cunha

All hand-in-glove in stampede: S.R. Mahesh seeks accountability

'Negligence at every level — CM's Office, Dy.CM's Office, Intelligence IGP, Chief Secretary, Governor's Office'

Mysuru, June 6 (MTY&BCT)- Former Minister S.R. Mahesh has launched a scathing attack on the State Government over the June 4 stampede outside M. Chinnaswamy Stadium in Bengaluru, which claimed 11 lives and left several others injured. He blamed the mishandling of security and administrative failures for the tragic loss of young lives.

Speaking at a press conference at his office in Mysuru this morning, Mahesh asserted that political blame games would not resolve the issue and urged the Government to take full responsibility. "This was no ordinary accident — it was a direct result of sheer negligence by the Government, Police, Intelligence Wing, and event organisers," he said.

He questioned the suspension of five Police Officers, including Bengaluru City Police Commissioner B. Dayananda and DCP (Central) H.T. Shekhar, stating that such actions appear more like a cover-up than a pursuit of justice.

"These officers served with honesty and competence in Mysuru. Making them scapegoats only demoralises the Police force. I am in talks with my lawyers and plan to move the High Court against these suspensions," he added.

Inaction despite intelligence alerts

Criticising the inaction despite intelligence alerts, Mahesh questioned how permissions were granted for two major events simultaneously. He demanded accountability from the Chief Minister's Office, Deputy Chief Minister's Office, Home Department and Intelligence Wing, insisting that top politicians and officials must not be spared.

"Why are the Intelligence IGP and the Chief Secretary not suspended? This was a hastily planned, poorly executed event and those truly responsible must be held to account," he said.

He further criticised the absence of pre-event coordination meetings. "Was there any planning at all? If organisers are to blame, then why wasn't strict action taken before the tragedy? Arrests after the fact do not absolve the Government of its responsibility," he said.

JD(S) Working President and former Minister S.R. Mahesh addressing the press meet in city this morning. MLC C.N. Manjegowda, former Mayor R. Lingappa, JD(S) leaders Dwarakish, K.T. Cheluvegowda, Ramu, Falcon Boregowda, M.N. Ramu and Sridhar were present.

Focus on family members

Mahesh also expressed serious concern over the involvement of politicians' family members in the Government event. "Why were family members allowed on stage? What role do they play in official matters?" he asked, while demanding tough action against top bureaucrats and even political leaders, including the Chief Secretary and the Governor.

"Even the Governor was present at the celebrations. Did he verify intelligence inputs before attending? I will write to the Centre seeking his recall. If senior Police officers are being suspended, then action must also be taken against those who govern the State. Everyone involved must be held accountable," he said.

He warned that punishing lower-level officials while protecting IAS officers raised serious concerns about the Government's transparency. "This selective targeting must stop. The suspensions should be reviewed and reversed. Why has no action been taken against top intelligence officials?" he questioned.

Four including RCB Marketing Head held

(Continued from page 1)

When the distribution did not happen, it led to massive crowd congestion. Another post announced that entry to the stadium would begin at 3 pm, further confusing fans.

Acting under Nikhil Sosale's instructions and as per directions from DNA Entertainment, the event coordinator, only three gates — 19, 20 and 22 — were opened, despite 22 gates being available. This restricted access is now under investigation.

Social media promotion

Nikhil allegedly issued these announcements through RCB's official social media handles under his and his team's supervision. His misleading posts are now being directly linked to the chaos that contributed to the deadly stampede.

The crowd, hoping to catch a glimpse of their cricketing heroes, especially Virat Kohli, turned up in overwhelming numbers, overwhelming the security setup and leading to a deadly stampede.

Chief Minister Siddaramaiah had, during a Cabinet meeting on Wednesday, ordered the immediate arrest of top officials from RCB, DNA Entertainment Private Limited and KSCA in connection with the incident.

Meanwhile, top KSCA officials, including Secretary A. Shankar and Treasurer E.S. Jairam, are said to be absconding, fearing arrest. Police teams raided their residences yesterday but found them missing. The Police are also on the lookout for RCB Vice-President and Head Rajesh Menon and DNA's Finance Officer Majeed, both of whom are allegedly on the run.

KSCA office-bearers move HC

In a parallel development, KSCA office-bearers, including President Raghuram Bhat, Secretary A. Shankar and Treasurer E.S. Jairam, have moved the Karnataka High Court seeking cancellation of the FIR filed against them. The High Court is expected to take up the matter at 2.30 pm today, following a request made by KSCA's legal counsel.

Initially, the Police had registered Unnatural Death Reports (UDRs) in the case. However, after facing sharp criticism from the public and opposition leaders, an FIR was filed invoking serious charges, including Section 105 (punishment for culpable homicide not amounting to murder), Section 115 (voluntarily causing hurt), Section 118 (voluntarily causing hurt or grievous hurt by dangerous weapons or means), Section 190 (unlawful assembly), Section 132 (assault or criminal force to deter public servant from discharge of duty) and Section 125 (act endangering life or personal safety of others). The accused have been listed as A-1 RCB, A-2 DNA Entertainment Private Limited and A-3 KSCA.

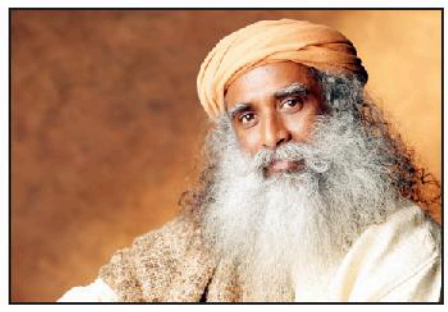
MYSTIC'S MUSINGS



By Sadhguru - Founder, Isha Foundation

Take destiny in your hands

Where is the need to use our intelligence? And if everything is destined about our life, when a guru enters our life how can he change our destiny?

The very first moment when you utter the word spirituality, whether you realise that or not, what you are actually saying is, "I want to take my destiny into my hands." It does not matter what my *karma* says. It does not matter what somebody in the heaven is going to say. "I want to move towards liberation." This is taking destiny into your hands.

If you want to go where you want to go, you better take your destiny into your hands. Otherwise, you will exist here as an accidental being. I know for a long time, you have been told that God is making your destiny, sitting there every day and plotting your life for you. They told you many things like this but I think you are adult enough these days.

There is no such thing as destiny. There is a limited sense of destiny working, but there is no ultimate destiny — that is something that you have to choose. In a limited sense, the accumulations that you have within you forms a certain attitude and tendency within itself and it starts moving in that direction. It is not because somebody is guiding it in that direction. Simply because your tendencies are such, you are going that way. It is just that unconsciously you have made yourself into a certain possibility. So naturally you are moving in that direction. This is not destiny, this is a blind man walking. You create certain tendencies within you with your unconsciousness, according to the tendencies you keep moving in that direction.

For example, the river that is born on top of a mountain, at one place it is a brook, at another place it is a waterfall, in another place, it is just a meandering river. In another place it becomes a wide estuary to join the ocean. In another place it has become the ocean. Is this the river's destiny? No, this is the water's tendency. To constantly move from one place to another depending upon the levels that are there. If the oceans were placed high, the rivers would not go to the ocean. The river is not longing to go to the ocean, although your poet said so. Water just finds its own level and keeps going. If you dam it, the river is not sitting there and crying, "I want to go to the ocean." There is no such thing. It is just poetry. Let's enjoy the poetry, but reality is different. Enjoying poetry, enjoying the current realities around is one thing. When you are talking about reaching your ultimate reality, it is a different thing.

Like they say in Zen, when you are an ignorant person, rivers are just rivers, trees are just trees, mountains are just mountains, clouds are just clouds. Once you become a seeker, rivers are no more just rivers, trees are not just trees, mountains are not just mountains, clouds are not just clouds. Everything has a different dimension to it. But if you become enlightened, once again rivers are rivers, trees are trees, mountains are mountains, clouds are clouds.

Then what is the point? If you are ignorant, it is the same way, if you are enlightened it is the same way. Yes. An enlightened person is just as good as an utter fool, but completely in a different world. An enlightened person is not in any way special the way you know special, because your idea of special is adding parts to yourself. Your idea of special is that you start identifying yourself with many things and become special. In that sense he is not special, he is more ordinary than the ordinary, but it is a full circle. It is a different dimension of existence all together.

So, this whole possibility is not because where you are right now is not good. It is simply because the way you are right now is not good. Where you are right now is perfectly fine, but the way you are right now is not good. That is the only problem, and that is all we need to change. We don't have to go anywhere.

England-India Test series renamed as Tendulkar-Anderson Trophy

London, June 6 (Agencies)- The upcoming Test series between England and India, which begins at Headingley on June 20, has been renamed after legendary pair Sachin Tendulkar and James Anderson. The Tendulkar-Anderson Trophy will be unveiled in the run-up to the five-match series.

India great Tendulkar remains the leading run-scorer in Test history with 15,921. The 52-year-old played 200 Tests between 1989 and 2013. Anderson is both England's all-time leading wicket-taker and the most successful pace bowler in Test cricket with 704 wickets.

Since retiring from international cricket last summer, the 42-year-old has worked as

Tendulkar

Anderson

England's bowling consultant and is now back playing county cricket for Lancashire, having signed a one-year contract extension at Old Trafford.

Test series between England and India in the United Kingdom had previously been played for the Pataudi Trophy, named after the Pataudi family.

The Nawab of Pataudi played for both England and India in the 1930s and 40s, while his son played for India in the 1960s and 70s and was one of their greatest captains. The Pataudi family has been told of the Trophy change.

England are the current and final holders of the Pataudi Trophy, having retained with a 2-2 draw in a series held over 2021 and 2022 because of a COVID scare.

Test series between the two countries in India are played for the Anthony de Mello Trophy, named after the former Indian cricket administrator. It is unclear whether the Tendulkar-Anderson Trophy will replace the De Mello Trophy.

India hold the De Mello Trophy after a 4-1 series win last year. The England and Wales Cricket Board declined to comment.

Inter-School, Jr. College Staff Tournament

Mysuru, June 6- Pramati Hillview Academy will be hosting an Inter-School and Junior College Staff Tournament - 2025 at the Sports Pavilion, University of Mysore on June 7 and 8 (Saturday and Sunday).

The tournament will be held in two categories — Pramati Cricket Cup for Men and Pramati Throwball Cup for Women.

Any teaching and non-teaching staff can participate in the tournament with prior registration of their team. Winners and runners-up will be awarded with certificate and Rolling Trophy.

The player of the match for finals and the player of the tournament will be awarded with a certificate and memento.

For registration, contact Mob: 88928-27648 or 93806-08774.

Open Day 2025 at SJCE

Focus on innovation, engineering brilliance

Mysuru, June 6 (MTY&DM)- The 'Open Day 2025,' jointly organised by JSS Science and Technology University (JSS STU) and its constituent college, Sri Jayachamarajendra College of Engineering (SJCE), was held recently at JSS Technical Institutions Campus in Mysuru.

Thousands of visitors were treated to a vibrant showcase of innovation, creativity and engineering excellence.

The event was inaugurated at the SJCE Statue Circle by chief guest Dr. C.G. Betsurmath, Executive Secretary of JSS Mahavidyapeetha. He was joined by Dr. A.N. Santosh Kumar, Vice-Chancellor, Dr. C. Nataraju, Principal (In-Charge), Dr. P. Nanjundaswamy, Controller of Examinations and Dr. B.S. Harish, Deputy Registrar.

Event conveners Dr. K.M. Anil Kumar and Dr. M.N. Nagendra Prasad, along with faculty members, department heads and students from various institutions were present.

'Virtual Tour' mobile app

A key highlight of the inauguration was the launch of a student-developed 'Virtual Tour' mobile application, designed to help visitors navigate the wide array of Open Day events and exhibits across the sprawling campus.

Students presented over 90 innovative projects through live demonstrations, working models and prototype displays. These included a 'Bluetooth Grass Cutter, a multifunctional agricultural robot" and other original creations in technology and automation.

Various competitions — including model exhibitions, poster presentations and departmental showcases — were evaluated by expert judges. Students from across Karnataka, particularly from Mysuru and Bengaluru, highlighted their problem-solving skills and technical creativity.

Adding to the allure was a mini air show conducted at KSCA Grounds by the Department of Mechanical Engineering. Students piloted micro aircraft via remote controllers, much to the delight of the 8,000-plus crowd. The aerial spectacle turned out to be one of the major crowd-pullers of the Open Day.

Interactive stalls by student clubs, engaging cultural performances, and themed games added a festive spirit to the Open Day, making it not just an academic event but also a celebration of student life and University culture.

Standout exhibits

Automatic curry-making machine: Developed by Mechanical Engineering students Prajwal, Ramesh, Rashmi and Darshan, under the guidance of Dr. V.M. Mahesh, the model demonstrated automation in food preparation.

Sugarcane harvesting machine: Created by F. Salman, N. Kiran, Roshan Singh and J. Chandan under faculty A.S. Bindu, this machine could selectively cut sugarcane stems while removing leaves — a potential boon for modern agriculture.

Camera-Based Scarecrow: An innovative solution by Industrial Production students Sahana, R. Ananya, M.S. Nischitha and D. Varsha, the model used a motion-sensor camera to detect intruding birds or animals and emit sound to scare them off — offering a more intelligent alternative to conventional scare devices.

UoM Ph.D awardees

Mysuru,June 6- **N. Rachappa** has been awarded Ph.D in Folklore by the University of Mysore (UoM) for his thesis 'T. Narasipura Talukina Jala Janapada' submitted under the guidance of Dr. Vijayalakshmi.

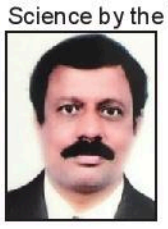
Vidyashankara has been awarded Ph.D in Computer Science by the University of Mysore for his thesis titled 'Detection and Classification of Leaf in a Video' submitted under the guidance of Dr. G. Hemantha Kumar.

K. Nataraj has been awarded Ph.D in Botany by the University of Mysore for his thesis 'Biosynthesis of Zinc Oxide Nanoparticles (ZNO-NPs) from Selected Species of Ipomoea L. and their Biological Activities' submitted under the guidance of Dr. K.N. Amruthesh.

G.P. Deepa Dharshini has been awarded Ph.D in Commerce by the University of Mysore for her thesis 'Consumer Post Behaviour on Green Products in Karnataka — A Study' submitted under the guidance of Dr. Prakash B. Nayak.

J.H. Meghana has been awarded Ph.D in Computer Science by the University of Mysore for her thesis 'Computer Vision Based Approaches for Yoga Pose Classification' submitted under the guidance of Dr. H.K. Chethan.

B.N. Santhosha Kumar has been awarded Ph.D in Computer Science by the University of Mysore (UoM) for his thesis 'Machine Learning Approaches for Prediction and Classification of Ocular Diseases Using Fundus Images' submitted under the guidance of Dr. G.N.K. Suresh Babu.



V. Vidyashree has been awarded Ph.D in Management Science by the University of Mysore for her thesis titled 'Impact of Lean and Green Practices on Organisational Performance in Indian Steel Manufacturing Industry' submitted under the guidance of Dr. Aisha M. Sheriff.

C.S. Anupama has been awarded Ph.D in Ancient History and Archaeology by the University of Mysore for her thesis 'Origin and Developments of Arts in Mysore, Sri Shilpi Siddalinga Swamy's Contribution - A Study' submitted under the guidance of Dr. K. Prabhu.

T.C. Raveesha has been awarded Ph.D in Chemistry by the University of Mysore for his thesis 'Synthesis, Characterisation and Computational Analysis of Heterocyclic Compounds' submitted under the guidance of Dr. T. Demappa.

N. Jayalakshmi has been awarded Ph.D in Economics for her thesis 'Determinants of Private Expenditure on School Education in Karnataka' submitted under the guidance of Dr. M. Indira.

Natl. Conference on HIV/AIDS, TB & Other Infectious Diseases in city from June 7

Mysuru, June 6-Asha Kirana Hospital, Mysuru, in association with AIDS Society of India (ASI), JSS Academy for Higher Education & Research (AHER), Indian Academy of Paediatrics (IAP) and Infectious Disease Society of India (IDSI) will be hosting a National Conference on HIV/AIDS, TB & Other Infectious Diseases on June 7 and 8 at Hotel IBIS Styles, KRS Road, Mysuru.

Dr. Glory Alexander, President, AIDS Society of India (ASI), Dr. I.S. Gilada, President-Emeritus, ASI, Dr. N. Kumarasamy, Vice-President, ASI, Dr. Chandramathi Samudi, University of Malaysia, Dr. G. Narendran, Senior Deputy Director, National Institute of Research in Tuberculosis (NIRT), Chennai, Dr. Vijay V. Yeldandi, Professor of Medicine & Surgery, University of Illinois, Chicago, Dr. Aditya H. Gaur, Director - Infectious Diseases St. Judes Graduates School of Biomedical Sciences, Memphis, US, Dr. Vijaykumar Velu, Associate Professor of Pathology & Laboratory Medicine, Emory University, Atlanta are some of the prominent international faculty who will be attending the event.

Dr. P. Balakrishnan, Meenakshi University, Chennai, Dr. S. Saravanan, Saveeta University, Chennai, Dr. Nataraja Shetty, Jayadeva Hospital, Bengaluru, Dr. G.D. Ravindran, St. John's Hospital, Dr. G. Manoharan, G. CISF signs MoU with SBI

New Delhi, June 6-The Central Industrial Security Force (CISF) has signed a Memorandum of Understanding (MoU) with the State Bank of India (SBI) on May 25, for managing salary accounts of serving and retired CISF personnel under the Central Armed Police Salary Package (CAPSP).

The MoU was formalised in a function held at CISF Headquarters, New Delhi, where it was signed for a period of three years effective from May 23, 2025 to May 22, 2028.

Rekha Nambiar, DIG/Adm, CISF and Ranjana Sinha, General Manager (NRI & SP), SBI Corporate Centre, Mumbai, were the signatories of MoU.

WORD OF THE DAY

Tutelage

Pronunciation: TOO-tuh-lij (Noun)
Meaning: Tutelage is a formal word that refers to the instruction or guidance especially of an individual student by a teacher. Tutelage may also refer to an act or process of serving as guardian or protector.
Origin: Tutelage comes from Latin verb tueri, meaning "to look at" or "to guard." When it first appeared in English at turn of 17th century, this word was used mainly in the protective sense of tueri; writers would describe serfs and peasants of earlier eras as being "under the tutelage of their lord." Over time, however, the word's meaning shifted away from guardianship and toward instruction. This pattern of meaning can also be seen in the related nouns tutor, which shifted from "a guardian" to "a private teacher," and tuition, which now typically refers to the cost of instruction but which originally referred to the protection, care, or custody by a parent or guardian over a child or ward.
Example: "[Hercules] Mulligan helped with [Alexander] Hamilton's education, including placing him under the tutelage of William Livingston of the College of New Jersey (now Princeton University), who was a leading local American revolutionary. ... Mulligan is said to have deeply influenced Hamilton towards engagement in revolutionary activity." —Brian Maye, The Irish Times, 2 Mar. 2025

THE ODD WORD

Filipendulous

Suspended by or strung upon a thread

PHRASE OF THE DAY

Finding Your Feet

Meaning: When you use the term 'Finding Your Feet' you mean that someone is becoming confident in a new situation.
Origin: No one is certain where the expression 'finding your feet' originates. If you have ever seen a newborn animal working its way to a standing position, you might understand why this expression is one that has been around in various forms since ancient times.
Example: "You've only been working here a few days, but you really are finding your feet!"

QUOTE BOX

The greater our knowledge increases the more our ignorance unfolds.

—John F. Kennedy

RIDDLE THIS

Solve the rebus:

Answer: Petit fours.

CROSS WORD

ACROSS:

1 Mineral source
4 Took food
7 VT now
10 Drug plant
11 ___ Lanka

Sudoku is a number-placing puzzle based on a 9x9 grid with several given numbers. The object is to place the numbers 1 to 9 in the empty squares so that each row, each column and each 3x3 box contains the same number only once. The difficulty level of the Concept is Sudoku increases from Monday to Sunday.

CRYPTOQUIP

The Cryptoquip is a substitution cipher in which one letter stands for another. If you think that X equals O, it will equal O throughout the puzzle. Single letters, short words and words using an apostrophe give you clues to locating vowels. Solution is by trial and error.

Quest Academy hosts Grand School Reopening Festival in Mysuru

Mysuru, June 6- A vibrant and heart-warming scene unfolded at Quest Academy, a newly inaugurated School in Subhashnagar, Mysuru, as children, parents and educators came together to celebrate the beginning of the academic year with a "School Reopening Festival."

Students arrived early, filled with anticipation and joy, while parents and teachers welcomed them warmly. The atmosphere was festive, with cultural programmes, student interactions and motivational messages creating a memorable start to the academic journey.

The event was attended by Kannika Parameshwari, Secretary of Quest Academy; H.C. Veena Mani, Principal and Director and H.A. Venkatesh, former Syndicate Member of the University of Mysore.

In her address, Kannika Parameshwari emphasised the Academy's commitment to providing multilingual education in Kannada, English and Hindi, along with a holistic focus on cultural and sports activities.

"Our aim is to instil not just academic excellence but also creativity, discipline and cultural awareness," she said adding that Quest Academy is a dream come true for the team behind Siddhartha Institutions, which aspired to extend quality education to children of Mysuru.

She affirmed that Siddhartha Group will continue its commitment to offering free education to high-performing students from economically weaker sections and uphold highest standards of discipline and learning.

Veena Mani expressed delight at the positive response to admissions, with over 100 students enrolled from LKG to Grade 7. "We are organising programmes that foster not only academic growth but also interest in sports and the arts," she added.

The event concluded with joyful student performances and renewed excitement among children, parents and faculty, marking the beginning of a promising academic year at Quest Academy in city.
